ONLINE FINANCIAL MANAGEMENT DISCLOSURE

My Finance: The My Finance service allows you to bring all of your financial accounts together online to categorize your transactions, set budgets and achieve your savings goals. Instead of going to multiple websites, you can enter all of your financial information into My Finance so you can easily see your entire financial picture. My Finance offers the following key features: account aggregation, view and categorize spending, budget and monitor accounts, ability to add values for offline accounts and email alerts. When using the My Finance service, all of your accounts with us that are linked to the service (internal accounts) are automatically included and updated. Other accounts not provided by us (external accounts) can be manually added to My Finance. If you do not add your external account information, you will not be able to use My Finance's aggregation service. You acknowledge and agree that WRFCU cannot enter information or verify the accuracy and/or complement of information entered and we make no warranty that such information is correct.
