

The screenshot shows the NetTeller interface for Western Rockies Federal Credit Union. The browser address bar displays <https://www.netteller.com/login2008/Views/Options/WebAlertEdit.aspx>. The page features a navigation menu with tabs for Personal, Account, Alerts, and Mobile Settings. The Alerts tab is selected, and the Events sub-tab is active. The Events section is divided into two columns, each with an 'Alert Type' and 'When the following occurs' section. The 'Incoming ACH Credit' event is selected, and the 'Text' alert type is chosen. The 'Continue' button is highlighted.

Steps to set up Account Alerts for ACH Credits (Deposits)

1. After logging into NetTeller, select the **Settings** tab
2. Chose **Alerts** from the subcategories
3. To set a specific event alert, select the **Event** option
4. Chose best option from **Email** or **Text** alert for **Incoming ACH Credit**
5. Click **Continue** to accept phone number or email from what is already on file and **Save**.
